Volume 41 Number 1 January 2006

CONTENTS

The Theme of This Month: Present State and Outlook of Indication for ESD for Early Gastric Cancer

Introduction .................................................. Katsunori Saigenji ..7

Expanded Indication for Endoscopic Resection From the
Pathological Viewpoint — The Possibility of sm Invasion by
Undifferentiated-type Early Gastric Cancer .................. Kohei Takizawa, et al ..9

Radiological Diagnosis of the Depth of Invasion for Early
Gastric Cancer Beyond the Indications of the Guideline .. Tsutomu Hamada, et al ..19

Endoscopic and EUS Diagnosis of Early Gastric Cancers
Outside the Indications of the Guideline for Endoscopic
Mucosal Resection ............................................. Junji Yoshino, et al ..31

Treatment Outcome of Endoscopic Submucosal Dissection .... Hikoyuki Ono, et al ..37

Curability and Safety of ESD for Gastric Cancer — Characteristics of Cases in Which ESD is Difficult to be Performed .................................................. Misuru Kaise, et al ..45

Pathological Evaluation Concerning Curability of Endoscopic
Submucosal Dissection (ESD) of Early Gastric Cancer
Including Lesions with Observe Margins ...................... Hiroshi Tanabe, et al ..53

Current Status and Countermeasures of Complications
Associated with Endoscopic Submucosal Dissection (ESD) .. Satoshi Tanabe, et al ..67

The Current Status and Management of Complications from
Gastric ESD — Safety Procedures and the Importance of
the Depth of Dissection ........................................... Takashi Toyonaga, et al ..75

Long Term Survival of Gastric Cancer Treated with ESD .... Tsuneo Oyama, et al ..87

Clinical Outcome of ESD for Early Gastric Cancer ............. Hisaomo Ikehara, et al ..91

Endoscopic Submucosal Dissection from the Standpoint of
the Safety and Cost Effectiveness ............................ Toshiro Iizuka, et al ..99

ESD for Early Gastric Cancer
— My View .................................................. Tsuneyoshi Yao ..104
— My View .................................................. Hidenobu Watanabe ..106
— My View .................................................. Minoru Kawaguchi ..108
— My View: In Terms of the Cost ........................... Osamu Hosokawa ..110
— My View: In Terms of Surgery .......................... Yoshioide Otani ..112
— My View .................................................. Haruhirou Inoue, et al ..114

Case Reports

Blue Rubber Bleb Nevus Syndrome, Report of a Case ................. Yuki Asada, et al ..125
