

Stomach and Intestine

— Japanese Journal —

edited by: The Research Society for Early Gastric Cancer

Volume 5

January 1970

Number 1

CONTENTS

Special Articles: Development of Gastric Cancer

- On evolution of depressed type early gastric cancer
considered from the standpoint of internal medicine
—Laying Stress on changes of IIc—..... *Koji Horinouchi et al.*... 7
- Histopathological considerations on the development
of gastric cancer early into advanced one *Hisazo Kitaoka*... 15

Case Reports

- A case of early gastric cancer initially simulating xanthoma..... *Ariya Fuchigami et al.*... 29
- A case of IIa type early gastric cancer
developing into type I in a fairly short time *Ichiro Oki et al.*... 39
- A case of early gastric cancer type IIc showing the occurrence
and interesting development by endoscopical retrospective study..... *Shigeru Okuta*... 47
- A case of early gastric cancer retrospectively
investigated for 8 years and 6 months..... *Eizo Kaneko et al.*... 55
- A case of III+IIc type early gastric cancer
followed up for 3 years and 1 month *Yoshio Hara et al.*... 61
- A case of gastric ulcer scar stationary for 2 years
suddenly transforming into advanced cancer of Borrmann
type II in forty days *Tetsuro Taneda et al.*... 69
- A case of IIa+IIc type early gastric cancer detected in
the course of follow up of so called gastric erosiva *Yoshio Tamechika et al.*... 75
- Coexistence of IIc with polypoid lesions (ATP)
existing independently of each other *Tatsuhisa Nemoto et al.*... 81
- A case of IIb+IIc+III type early gastric cancer on the
greater curvature as of extensive superficial spreading type ... *Shoji Kawamura et al.*... 87

Review Article

- Chemotherapy of cancer..... *Hisanobu Niitani*... 91

Research

- Study of duodenal fiberoscopy III *Kunio Takagi et al.*... 103
