

Stomach and Intestine (Tokyo)

— Japanese Journal —

edited by : The Research Society for Early Gastric Cancer

Volume 47 Number 4 April 2012

CONTENTS

Current Situation and New Developments of EUS Diagnosis in Digestive Tract

- Introduction Junji Yoshino 453
- Conventional and Thin Probe EUS (Endoscopic Ultrasonography) for Early Gastrointestinal Cancer Lesions Hideo Yanai, et al 456
- Diagnosis of Invasion Depth by a High-frequency Miniature Ultrasonic Probe in Patients with Superficial Esophageal Cancer Miwako Arima, et al 467
- Endoscopic Ultrasonographic Diagnosis of the Depth of Invasion of Gastric Cancer Naoto Miyake, et al 482
- Invasion Depth Diagnosis with HFUP and Feasibility of Indication Extension of Endoscopic Resection for Colorectal Submucosal Carcinomas Yusuke Saitoh, et al 491
- Differential Diagnosis of Upper Gastrointestinal Submucosal Tumor with EUS, EUS-FNA Mitsuhiro Kida, et al 503
- EUS Diagnosis of Non-epithelial Tumors and Other Submucosal Lesions of the Lower Digestive Tract Seiji Shimizu, et al 515
- EUS-FNA for gastrointestinal submucosal lesion and lymphadenopathy of unknown origin Atsushi Irisawa, et al 527
- Three-Dimensional Endoscopic Ultrasonography in the Diagnosis of Gastrointestinal Diseases Tadayoshi Kakemura, et al 538
- Aiming for Further Improvement of Diagnostic Performance of Digestive Tract EUS — How I do it
- : Basic operative methods for imaging (irrigation and de-aerated water immersion method) Shigeto Yoshida, et al 547
 - : Management of EUS for large colorectal lesions Eisai Cho, et al 550
 - : For improving the EUS image of the depressed gastric cancer with ulceration Yasumasa Niwa, et al 553
 - : Techniques for visualizing protruded type cancers Masafumi Nomura 556
 - : Technique of EUS diagnosis for the lesion existing on haustral fold of colorectum Hiroshi Kawano, et al 559
 - : The Balloon-contact Method Kazuya Akahoshi, et al 562
 - : Identification of the originating layer of the SMT of digestive tract Soichiro Morikawa, et al 565
- Ila-like Advanced Type Small Sigmoid Colon Carcinoma whose Invasion Depth Can Be Precisely Diagnosed by a High-frequency Ultrasound Probe, Report of a Case Yusuke Saitoh, et al 571

Case Reports

- A Case of Colonic Lesion Showing Unusual Morphological Change Resulted in Split Diagnoses under Conventional and Magnifying Endoscopy Hiroyuki Aihara, et al 579
