

Stomach and Intestine (Tokyo)

— Japanese Journal —

edited by : The Research Society for Early Gastric Cancer

Volume 49 Number 2 February 2014

CONTENTS

The Theme of This Month : Magnified Endoscopic Classification of the Japan Esophageal Society

- Introduction *Hiroyasu Makuuchi*135
- Microvascular Structure in the Esophagus from Endoscopic Findings *Haruhiro Inoue, et al*137
- Magnified Endoscopic Classification for Superficial Esophageal
Squamous Cell Carcinoma — Classification of the Japan
Esophageal Society *Tsuneo Oyama*148
- Clinical Significance of Type B1 Vessels in the Japan Esophageal
Society Classification *Akira Dobashi, et al*153
- Prospective Study of the Usefulness of Type B2 Vessel
Determined by the Japan Esophageal Society Classification
of Magnified Endoscopy for the Diagnosis of Superficial
Esophageal Squamous Cell Carcinoma *Manabu Takeuchi, et al*164
- Endoscopic and Pathological Studies on Type B2 Blood Vessels
in Estimation of Invasion Depth of Superficial Esophageal Cancer *Junko Fujiwara, et al*174
- Usefulness of a New Classification by the Japan Esophageal
Society to Predict the Depth of Invasion of Esophageal Cancer
—Type B3 Vessels *Haruo Ikeda, et al*186
- Clinical Significance of AVA in Diagnosing of Invasion Depth of
Superficial Esophageal Cancer *Dai Hirasawa, et al*196
- Significance of AVA for Prediction of Infiltration Depth of
Esophageal Cancer *Ryu Ishihara, et al* 204
- Classification of the Japan Esophageal Society for Magnifying
Endoscopy and the Depth of Tumor Invasion—Type R Vessels
and Histopathological Features *Miwako Arima, et al*213

(Conversazione)

- Current Situation of the Magnified Endoscopic Classification of
the Japan Esophageal Society — Based on the Case Conference *Tsuneo Oyama, et al* 223

Case Report

- An Interesting Shape of Is + Iic Type Advanced Colon Carci-
noma, Report of a Case *Toshimi Iura, et al* 239
