CONTENTS

The Theme of This Month :

Diagnosis and Treatment for Metachronous Lesions Close to ESD Scar for ESCC

Introduction	Tsuneco Oyama	251
Predictor for Esophageal and Head and Neck Metachronous Cancer in Patients with Esophageal Squamous Cell Carcinoma after Endoscopic Resection	Chikatoshi Katada, et al	253
Histopathological Characteristics of Esophageal Endoscopic Submucosal Dissection Scar	Kazuyuki Ishida, et al	259
Histopathology of Superficial Squamous Cell Carcinoma near the Scar Following Esophageal Endoscopic Submucosal Dissection	Satoshi Fujii, et al	267
Endoscopic Diagnosis for the Lesions Located Close to the Post-esophageal ESD Scar	Manabu Takeuchi, et al	275
Endoscopic and Histopathological Diagnosis of the Lesions in the Esophageal Endoscopic Submucosal Dissection Scar	Akiko Takahashi, et al	286
Endoscopic Submucosal Dissection of a Postendoscopic Dissection Scar	Ippei Tanaka, et al	301
Endoscopic Submucosal Dissection for Esophageal Neoplasia Near Post Endoscopic Submucosal Dissection Scar	Takashi Toyonaga, et al	308
APC for Near Scar Lesions after ESD Treatment of Early Esophageal Cancer	Kenro Kawada, et al	318
Approach to the Lesions with Post ESD Scar Using Ultra-thin Endoscopy	Daisuke Kikuchi, et al	324
Difficult to Determine the Horizontal Extent of Esophageal Squamous Cell Carcinoma in Lugol Chromoendoscopy, Report of a Case	Shunsuke Yoshii, et al	328
Metachronous Superficial Esophageal Squamous Cell Carcinoma Located Close to a Post-ESD Scar for Which Margin Delineation was Difficult with Lugol Chromoendoscopy, Report of a Case	Yuichiro Hirai, et al	333
Photodynamic Therapy for Local Recurrence near Endoscopic Submucosal Dissection Scar for Esophageal Squamous Cell Carcinoma Due to ESD Difficulty, Report of a Case	Yoshinobu Yamamoto, et al	339
Case of This Month		
Inflammatory Fibrous Polyp in the Esophagogastric Junction, Report of a Case	Yuki Okubo, et al	246
Case Report		
Pedunculated Primary Diffuse Large B-cell Lymphoma of the Terminal Ileum, Report of a Case	Ryohei Ugaji, et al	345
