CONTENTS

Foreword ................................................................. Hiromasa Inoue · 895

Special Issue: Analysis of Susceptible Genes for the Pathogenesis of Respiratory Diseases

Significance of Genetic Study in Chronic Inflammatory Respiratory Diseases ............................................................. Satoshi Konno · 897

Clinical Application of Micro Array Technology in Riziological Analysis of Respiratory Diseases ............................... Shuichiro Maruoka · 902

Genetics of Asthma ......................................................... Tomomitsu Hirota, Mayumi Tamari · 906

Genetics of COPD .......................................................... Nobuyuki Hizawa · 914

Genome Associated Analysis to Identify Susceptible Loci for Pulmonary Fibrosis ......................................................... Yasuhiro Setoguchi · 919

Genetic Analysis of Sarcoidosis ........................................ Naoto Keicho · 926

Review

Anti-fibrotic Therapy for Interstitial Pneumonia ............................. Koichiro Tatsumi, Arata Azuma · 932

Catheter Ablation of Chronic Atrial Fibrillation ................................. Hideshi Aoyagi · 938

Analogy of Entrainment (respiratory modulation) of Heartbeats in Cheyne–Stokes Respiration in Heart Failure and Respiratory Sinus Arrhythmia: Its Physiological Significance ................................................. Fumihiko Yasuma, et al · 944

Bedside Teaching

Strategy for the Treatment of Lung Cancer, Histology or Genetic Abnormality ............................................................... Tetsuo Shimizu · 951

Current Opinion

Role of LAMA (LAMA as the medicine for bronchial asthma) .......................................................... Hiroko Nogami · 956

Current Status of Drug–Eluting Stents in the Third Era ............................ Kazuoki Dai, Masaharu Ishihara · 962

Original Article

Construction of a Three-dimensional Bronchial Tree from Computed Tomography ........................................................... Atsushi Sano, et al · 970

Case Reports

Follicular Variant of Thyroid Papillary Carcinoma with General Metastases including Pleuritis Carcinomatosa: a case report ................................ Nobuhiro Takeuchi, et al · 975
