

KEY WORDS INDEX (Vol. 59 No. 1~No. 12, 2017)

[A]

Acceptance of disability 497
 ACCS 405
 Act on mental health and welfare
 for the mentally disabled 721
 ACTH deficiency 379
 Action model 1129
 Activity chart 1129
 Acute psychosis 1159
 Acute radiation syndrome
 (ARS) 863
 Addiction 23, 71
 Adherence 1093
 Advocacy 731
 Affective disorders 995
 Affective function 643
 Agitation/aggression 661
 Alcoholics 317
 Allegory 1011
 Alzheimer's disease
 541, 643, 661, 759
 Anorexia nervosa 85
 Anticholinergic 677
 Antidepressant drug 1045
 Aplastic anemia 491
 ApoE4 661
 Argyrophilic grain disease 759
 Aripiprazole 937, 1135
 Arteriosclerosis 627
 Atomic bomb survivor 863
 At-risk mental state 467, 827
 Attention deficit/hyperactivity
 disorder 197, 203, 209, 217,
 223, 231, 239, 253, 483,
 529, 885, 913, 1079
 Attentional function 483
 Atypical anti psychotics 1093

Atypical antipsychotic 91
 Auditory hallucination 1141
 Autism spectrum disorder
 217, 379, 529, 913, 1029, 1067
 Automobile driving 301
 Autonomy 159
 Avoidant/restrictive food intake
 disorder 91

[B]

Behavioral activation
 15, 23, 1129
 Binswanger's disease 627
 Biomarker 817, 827, 843
 Bipolar 535, 885, 943
 Blight light therapy 553
 Blue light 31
 Board of education 61
 Body Mass Index 85
 Brief intervention 317
 Bulimia nervosa (BN) 459
 Bullying 1067

[C]

Cambodia 969
 Carbamazepine 671
 Catatonia 943
 Chronic renal failure 1147
 Chronobiological therapy
 535, 553
 Circadian rhythm 529, 535
 Clinical application 801
 Clinical Assessment for Atten-
 tion (CAT) 483
 Clinical ethics 159
 Clinical Psychologist 413
 Clozapine 363, 949
 Clozapine-induced agranulocyto-

sis 849
 Clozapine-induced granulocyto-
 penia 849
 Cognitive Behavior Therapy
 399, 405, 413, 419, 427,
 433, 441, 449, 459, 467
 Cognitive dysfunction 379
 Cognitive function 643, 1121
 Cognitive impairment 275
 Cognitive rehabilitation 1121
 Coming out 351
 Community care 731
 Community-based rehabilitation
 1073
 Comorbidity 203, 231, 913
 Comprehensive driving assess-
 ment 333
 Compulsory hospitalization
 779
 Computational neuroscience
 835
 Continuity 203
 Continuous positive airway pres-
 sure 521
 Convention on the Rights of
 Persons with Disabilities
 (CRPD) 713
 Convention on the rights of
 persons with disabilities 721
 CP equivalent dose 769
 CPT 449
 CTRS 405

[D]

DAMP (deficit in attention motor
 control and perception) syn-
 drome 247
 Delirium 491, 677

Delphi·····925
 Delusion·····1029
 Delusion of emitting body odor
 ······579
 Dementia
 ······325, 541, 677, 739, 1153
 Depression ····139, 399, 521, 553,
 637, 801, 843, 1045, 1079, 1129
 Developmental coordination dis-
 order (DCD) ······247
 Developmental dyslexia ······239
 Diagnostic criteria ······1001
 Diagnostic guidelines·····15
 Diagnostic tool ······809
 Die exogenen reaktionstypen
 ······1159
 Differential diagnosis ······231
 Diffusion tensor image (DTI)
 ······637
 Dilated periventricular space
 ······627
 Disability disclosure ······351
 Disaster ······265, 559, 925
 DNA·····1037
 Dopamine·····1107
 DPAT·····925
 Driver's license ····311, 325, 1153
 Driver's license disqualification
 ······293
 Driving fitness ······301
 Driving simulator ······333
 Driving under the influence of
 alcohol ······317
 Drug information·····301
 Drunk driving ······317
 Duloxetine·····79
 Dyslexia·····239
 Dysphoria ······1093

[E]

Early and rapid weight gain
 ······937
 Eating behavior·····475
 Eating disorder ······459

Educational attainment·····759
 EGFR ······1141
 Electroconvulsive therapy
 ······363, 1147
 Emotion ······511
 Emotional dysregulation ······223
 Emotional instability ······223
 Ependymal denudation ······627
 Epilepsy ······311
 ERP ······827
 Escitalopram ······79
 Ethical problems·····325
 Event-related potential
 ······817, 913
 Excessive daytime sleepiness
 ······341
 Excessive self-denial·····147
 Exosome ······651
 Expert witness ······901
 Exposure and response preven-
 tion ······433
 Exposure based CBT ······449
 Extrapramidal symptom (EPS)
 ······949

[F]

Family of the social withdrawal
 ······953
 FLAIR ······619
 Forensic psychiatric evaluation
 ······901
 Functional connectivity ······835
 Functional neuroimaging ······801

[G]

Gambling disorder ······15
 Gaming disorder ······15, 45
 Gene expression ······843
 Generalized pruritus ······259
 Genetic architecture·····1115
 Glutamate ······1107
 Group psychotherapy ······139
 Guided self-help ······459

[H]

Hallucinatory-delusional state
 ······491
 Handgrip strength ······769
 Heavy drinkers ······317
 Higher brain dysfunction
 ······333, 1073
 High-intensity ······399
 Histone deacetylase ······1045
 Human Rights ······739
 Hypersomnia ······529, 885

[I]

IASP (International Association
 for Suicide Prevention) ····749
 ICT (Information and Communi-
 cation Technology) ······37
 Idealism ······1037
 Iliac artery aneurysm ······1147
 Impact of Event Scale-Revised
 (IES-R) ······863
 Impulsivity ······231
 Incidence ······1019
 Incomplete infarction ······627
 Information and communication
 technology·····855
 Insomnia ······511, 541, 559
 Integrity ······713
 Interdisciplinary collaboration
 ······749
 Internet addiction ····7, 45, 53, 61
 Internet use disorder·····7
 Investigation of the actual situa-
 tion ······953
 Involuntary commitment ····713
 Iron deficiency anemia·····1159
 Irritability/lability ······661

[J]

Japanese jury system ······901
 JASP (Japanese Association for
 Suicide Prevention) ······749

- [K]
Khmer rouge 969
- [L]
Late-onset 203
Learning disorder 239
Legal capacity 713
Leukocytes 843, 943
Limbic neurofibrillary tangle dementia 759
Living Well with Dementia 739
Logopenia 873
Logopenic variant of primary progressive aphasia 873
Low-intensity 399
- [M]
Machine learning 835
Major depression 419
Malignant catatonia 943
Materialism 1037
Measures in the community 53
Media literacy 37
Mental health 925
Meta-cognition 567
Methylphenidate 247
Milder manifestation 1019
Mirtazapine 259, 579
Mismatch negativity 817
Monitoring of adverse effects 253
Mood disorder 301, 843, 553, 1147
Movement assessment battery for children-second edition (M-ABC2) 247
MRI 827
Multidisciplinary 413
Mutual acceptance 497
Myelin 651
Myopia 31
- [N]
Narcolepsy 341, 511
Near-infrared spectroscopy 801
Negative symptoms 1029
Neurodevelopment 1107
Neurodevelopmental abnormality 1101
Neurodevelopmental disorders 197, 217
Neuroimaging 23
Neuropsychiatric Inventory (NPI) 661
Nosology 1001
Novel antihyperkinetic agent 253
- [O]
Obsessive-compulsive disorder 433
Obstructive sleep apnea syndrome 341
Olfactory reference syndrome 579
Oligodendrocyte precursor cells 651
Optical topography 801
Orexin 511
Outreach 959, 1055
- [P]
Panic disorder 427
Parkinsonism 1135
Pathological internet use 7
Performance test 567
Phantom limb 671
Phantom limb awareness 671
Phantom limb pain 671
Phantom sensation 671
Pharmacogenomic test 849
Pharmacotherapy 45, 253
Phonemic paraphasia 873
Pol Pot 969
- Poor-symptomatic schizophrenia 147
Postmortem study 1107
Posttraumatic stress disorder (PTSD) 265, 441, 449, 559, 863
Prader-Willi syndrome 475
Predictive indicator for prognosis 85
Predictor 535
Problematic internet use 7
Prognosis 1073
Progression 1101
Progressive supranuclear 1135
Prolonged Exposure Therapy 441
Psychiatric Advance Directives 159
Psychiatric day-care center 1055
Psychiatric emergency 369, 779
Psychiatric rehabilitation 1121
Psychiatric social work 731
Psychodermatology 259
Psychoeducation 301
Psychological intervention 427
Psychological resilience 995
Psychopathology 1011
Psychosis 467, 491
Psycho-social disability 713
Psychotherapy 45, 427, 467
Psychotropic 301
- [Q]
Quality control 405
Quality indicator 369
- [R]
Recovery 1093
Reflexive type of schizophrenia 147
Regulation 311

- Repetition 873
 Resting-state functional neuroimaging 835
 Return to work 139
 Reward 223
 Rights-Based Approach (RBA) 739
 Road Traffic Act 293
 [S]
 Sagamihara stabbings 779
 Scale development 351
 Schizophrenia 147, 275, 293, 467, 497, 567, 769, 809, 817, 937, 995, 1001, 1011, 1019, 1029, 1093, 1107, 1115, 1121, 1141
 Schizophrenia spectrum disorders 1001
 Scopolia extract 677
 Seizure 311
 Self stigma 953
 Self-disclosure 351
 Self-efficacy 1129
 Self-structure 1029
 Senile depression 259
 Sleep 529, 541
 Sleep apnea syndrome 521
 Sleep deprivation 553
 Sleep disorder 341
 Slow progression 759
 Smartphone 37
 Smartphone summit 61
 Social anxiety disorder 427
 Social cognition 567
 Social functioning 567, 1121
 Social withdrawal 153, 959, 1079
 Specific developmental disorder of motor function (SDDMF) 247
 Spectrum 1115
 SSRI-induced apathy syndrome 79
 Stress 265, 1045
 Structural brain change 1101
 Structural MRI 809
 Stupor-like state 1135
 Suicide prevention 749
 Supervision 399, 419
 Symptomatic psychosis 1159
 [T]
 T2-hyperintense lesion 619
 Tardive dystonia 363, 949
 Theranostic biomarker 835
 Tongue pressure 769
 Traffic law 1153
 Transition from a hospital to community 1055
 Traumatic brain injury 1073
 Treatment camp 53
 Treatment outcome 53
 [V]
 Vascular endothelial cells 651
 Vascular risk factors 643
 VEGF 1141
 Verbal short-term memory 873
 Verbalization 275
 Visual attention 333
 Visuo-spatial neglect 333
 Voxel-based morphometry 809
 [W]
 WAIS 379
 Wakefulness 511
 Wearable device 855
 White matter change 643
 White matter hyperintensities 637
 White matter infarct 651
 White matter lesion 619
 [数字]
 12-item General Health Questionnaire (GHQ-12) 863
