

CONTENTS

SYMPOSIUM Advances in Diagnostic Imaging of Rotator Cuff Tear

- Preface *Kazuomi SUGAMOTO* • 868
- Pre- and Post-operative Image Evaluation for Rotator Cuff Tears Using Radial-Sequence MRI
..... *Shin YOKOYA, et al* • 869
- Reconstruction of MRI-Based 3D-Shape Models for Rotator Cuff Tear *Tomoyuki MUTO, et al* • 877
- Characteristics of Dynamic Magnetic Resonance Imaging in Symptomatic Rotator Cuff Tears
..... *Yuji KANAYA, et al* • 883
- Evaluation of Fatty Degeneration of Rotator Cuff Muscle Using IDEAL Technique
..... *Nobuyasu OCHIAI* • 889
- Quantitative Assessment of Atrophy and Fatty Degeneration of the Rotator Cuff Muscles
Using MRI *Noboru MATSUMURA, et al* • 897
- Ultrasonographical Diagnosis of Rotator Cuff Tear *Masazumi HIRATA* • 905
- Prediction of Pre-Surgical Planning and Difficulty for Arthroscopic Rotator Cuff Repair
by Shear Wave Elastography *Yoshiaki ITOIGAWA* • 911

ORIGINAL ARTICLES

- Relationship between Balance Ability Improvement and Lower Limb Muscle Strength,
Foot Function after Total Knee Arthroplasty *Takashi IKEDA, et al* • 917
- The Lateral Lumbar Interbody Fusion Using Human Demineralized Bone Matrix (DBM)
..... *Akihiko HIYAMA, et al* • 923

LECTURE

- Contact Sports and Sports-Related Concussion *Haruo NAKAYAMA, et al* • 929

CLINICAL EXPERIENCE

- The Combination Stretching in Anterior and Posterior Muscles is More Efficacious Than
Stretching in Posterior Muscles Alone for Cervico-Omo-Brachial Syndrome
..... *Yoshitaka TODA* • 949

CASE REPORTS

- Subcutaneous Histiocytic Sarcoma in an Oldest-Old Woman : Case Report
..... *Mutsumi SHIMAZAKI, et al* • 955
- Knock Knee Treated by Eight Plate without Resection of Bone Bridge : Case Report
..... *Masaki NISHIYAMA, et al* • 961
- Dislocation of Rotating Hinge Total Knee Prosthesis During Early Postoperative Period :
Case Report *Jo WATANABE, et al* • 967
