### Topic of the Month

Vitreomacular adhesion and age-related macular degeneration ..... **Yasuo Yanagi** 783

**Basic principles of cytokines, neurotrophic factors and other bioactive substances in ocular disease**

Interferon ..... **Kunihiko Yamaki** 790

### Let's share powerful Neuro-ophthalmology

How to differentiate between optic neuritis and ischemic optic neuropathy ..... **Osamu Mimura** 794

### Clinical Studies and Articles

A case of ocular myositis guided by serous complement level in its treatment ..... **Chika Tsuge** et al 975

A case of vasculitis of the optic disc with simultaneous bilateral onset ..... **Atsuko Nakaizumi** et al 981

### Special Issue (Congress of Clinical Ophthalmology, November 2010)

Effectiveness of bilateral pinhole method in the diagnosis of malingering or  
psychogenic visual disturbance ..... **Hiroaki Nagashima** et al 799

Vitreous surgery for traumatic macular hole in juveniles ..... **Ryo Iseki** et al 803

Usefulness of QuantiFERON in the diagnosis of tuberculous uveitis ..... **Etsuko Shibuya** et al 809

Changes in axial length in children measured by noncontact laser interference biometry  
..... **Hiroshi Doi** et al 817

Review of retinopathy of prematurity in Nara Medical University Hospital ..... **Tomo Nishi** et al 821

A case of central nervous system lymphoma with intraocular metastasis diagnosed by  
subretinal biopsy ..... **Reiji Yokota** et al 827

Comparison of complications between extracapsular cataract extraction and  
phacoemulsification-aspiration in an eye camp in Nepal ..... **Kayako Matsuyama** et al 833

Short-term outcome after insertion of toric intraocular lens ..... **Kazuhiko Watanabe** et al 839

Comparison of unilaterally and bilaterally implanted multifocal intraocular lens ..... **Ryotaro Higuchi** et al 843

Thickness of ganglion cell complex before and after cataract surgery measured by  
Fourier domain optical coherence tomography ..... **Yusuke Nakatani** et al 847

A case of exudative age-related macular degeneration nine months after  
central retinal artery occlusion ..... **Mikihide Ogasawara** et al 853

Two cases of macular hole retinal detachment following treatment for  
myopic choroidal neovascularization ..... **Toshiya Sakurai** et al 859

Choroidal blood flow following photodynamic therapy measured by  
laser speckle flowgraphy ..... **Fumihiko Nitta** et al 863

Treatment of Coats disease by laser photocoagulation combined with  
intravitreal bevacizumab ..... **Akio Fujiya** et al 869

Topical and systemic ganciclovir was effective in a case of  
cytomegalovirus corneal endotheliitis ..... **Takenori Inomata** et al 875

Optical coherence tomography was useful in the treatment of  
traction retinal detachment in a case of acute retinal necrosis ..... **Hisashi Iwami** et al 881

|                                                                                                                        |                               |     |
|------------------------------------------------------------------------------------------------------------------------|-------------------------------|-----|
| Early treatment was effective in two cases of ophthalmic zoster sine herpete<br>with extraocular muscle palsy .....    | <b>Tatsuya Marumoto</b> et al | 885 |
| Review of uveitis in Tohoku University Hospital .....                                                                  | <b>Takaaki Otomo</b> et al    | 891 |
| Recurrence of uveal effusion in a case twenty-three years after<br>initial sclerectomy .....                           | <b>Chiyoko Okamura</b> et al  | 895 |
| Spontaneous separation of idiopathic epiretinal membrane in a child .....                                              | <b>Taichi Fujita</b> et al    | 901 |
| Findings by optical coherence tomography for nanophthalmos in a child .....                                            | <b>Ena Suzuki</b> et al       | 907 |
| Comparison of two microkeratomes for LASIK .....                                                                       | <b>Takaki Fukunaga</b> et al  | 911 |
| Aggravation of strabismus in two cases following keratorefractive surgery .....                                        | <b>Yuko Itami</b> et al       | 915 |
| Review of cases of malignant eyelid or conjunctival tumors treated by<br>orbital exenteration or without surgery ..... | <b>Natsuko Tsuruta</b> et al  | 919 |
| Review of recurrent cases of pleomorphic adenoma of the lacrimal gland .....                                           | <b>Yoko Fujita</b> et al      | 925 |
| MALT-type conjunctival malignant lymphoma in a young adult .....                                                       | <b>Shoko Takano</b> et al     | 929 |
| A case of tumor in the lower eyelid presumably due to injury twelve years ago .....                                    | <b>Eisuke Arai</b> et al      | 935 |
| A case of subconjunctival giant cell angiofibroma .....                                                                | <b>Keisuke Yorita</b> et al   | 939 |
| A case of herpes zoster ophthalmicus with acute dacryoadenitis as the<br>initial manifestation .....                   | <b>Chiaki Yokoyama</b> et al  | 945 |
| Clinical evaluation of Eagle monocanalicular lacrimal stent .....                                                      | <b>Mari Goto</b> et al        | 949 |
