Special Issue (Congress of Clinical Ophthalmology, October 2012)

Changes in optic disc circulation in normal eyes following single instillation

of bimatoprost.....**Shota Kojima** et al 1083

Corneal collagen crosslinking for bullous keratopathy**Yukiko Terada** et al 1089

An attempt of fundus photography using smartphone.....**Yuta Saito** et al 1095

Total transpositioning of vertical muscles was effective for

large-angle exotropia in a case of intraorbital schwannoma**Seiji Sameshima** et al 1101

Lens prolapse following vomiting in a case of eyeball rupture**Ayumu Manabe** et al 1107

Two cases of chronic central serous chorioretinopathy diagnosed using
enhanced depth imaging optical coherence tomography and

fundus autofluorescence imaging**Yorihisa Tsutsumi** et al 1113

Factors involved in the long-term outcome of intravitreal bevacizumab

for central retinal vein occlusion with macular edema**Setsuko Kawakami** et al 1119

Cerebral vascular malformations in a case of bilateral retinal vascular loops**Akira Imai** et al 1125

Changes in corneal epithelium following topical tafluprost**Marie Yabushita** et al 1129

Conjunctival autograft from the fellow eye was effective for

blebitis in two cases after trabeculectomy**Ai Yamada** et al 1133

Ocular injury in four cases with previous penetrating keratoplasty**Akiko Suwa** et al 1139

A case of fulminant corneal endotheliitis without parotitis suspected of

mumps virus infection.....**Asako Kawaguchi** et al 1143

Tacrolimus ointment was effective in a protracted case of Mooren's ulcer**Chizu Touge** et al 1149

Magnetic resonance imaging of orbital lymphoproliferative diseases**Rie Tanaka** et al 1155

Review of primary intraocular lymphoma**Mihoko Iwamoto** et al 1161

Review of incident reports in our institution.....**Seiichi Suzuki** et al 1167

Review of open-globe injuries**Kaori Yoshida** et al 1173

Optic neuritis in a child following acute disseminated encephalomyelitis**Yasuhiro Gonda** et al 1177

Bilateral disc edema in a case of intracranial malignant lymphoma**Moyuru Fukui** et al 1181

A case of late-onset fungal corneal ulcer due to chestnut bur.....**Ryoko Nishikawa-Hayashi** et al 1187

Unilateral blepharoptosis in a case of uveitis and myasthenia gravis**Yoko Nakazawa** et al 1191

Topic of the Month

27G vitrectomyNobuhiko Shiraki et al 1051

Practical Use of OCT

Usefulness of optical coherence tomography for differential diagnosis :

polypoidal lesions and type 2 choroidal neovascularizationAkitaka Tsujikawa 1058

Clinics in Thyroid Eye Disease : Starting with the Basics

Anti-inflammatory treatment for thyroid associated ophthalmopathy :

the purpose and the methodAtsushi Azumi 1064
