Special Issue (Congress of Clinical ophthalmology, October 2012)

Clinical features in thirty-five cases of central retinal artery occlusion	Teruumi Minezaki et al	1283
Cat scratch disease manifesting as neuroretinitis in a boy just before entrance examination for senior high school.....	Yusuke Niimi et al	1289
Reconstruction of the eyelid after excision of primary epithelial malignant tumors	Jun Ominato et al	1295
Cases of granulomatosis with polyangiitis (Wegener's) diagnosed through ocular lesions	Yusa Yamasaki et al	1299
Correlation between visual field defect and thickness of ganglion cell-inner plexiform layer in the macula in myopic eyes with glaucoma	Maki Katai et al	1305
Binocular summation during near gaze in pseudophakic monovision	Tomoharu Eguro et al	1311
Simultaneous intrastromal astigmatic keratotomy using femtosecond laser and multifocal intraocular lens implantation	Yoshihiro Kitazawa et al	1315
Outcome and analysis of strabismus in adult who had underwent surgery for congenital esotropia.....	Mana Okamoto et al	1321
Retinal detachment in a case of morning glory syndrome treated by vitreous surgery with silicone oil tamponade	Hiroki Tsujinaka et al	1327
A case of vitreous hemorrhage with blood staining of the cornea treated by 25-gauge vitrectomy with wide-angle viewing system	Masayoshi Yukita et al	1331
Two cases of cystoid macular edema following closure of macular hole.....	Yuko Miwa et al	1337
Macular hole formation in a case of solitary retinal hemangioma	Tomoko Yamamoto et al	1343
A case of paraneoplastic retinopathy diagnosed after vitrectomy for proliferative diabetic retinopathy	Hiroshi Shimizu et al	1349
A case of Susac syndrome with secondary glaucoma	Satoko Nishigori et al	1357
Garcin syndrome in a case of malignant lymphoma	Yoko Okamoto et al	1361
Effect of sub-Tenon's triamcinolone acetate injection for hypertrophic inferior rectus muscle in thyroid ophthalmopathy	Gaku Ito et al	1367
A case of nutritional optic neuropathy with thinning of inner retinal layer by spectral-domain optical coherence tomography	Makoto Sato et al	1373
Perioperative sterilization by instillation of 1.5% levofloxacin ophthalmic solution	Masayuki Minami et al	1381

Topic of the Month

Particle-induced endophthalmitis : A new pathogenesis of sterile endophthalmitis after intraocular triamcinolone	Taiji Sakamoto	1249
---	----------------	------

Practical Use of OCT

Follow-up using OCT in AMD	Ichiro Maruko	1254
----------------------------------	---------------	------

Clinics in Thyroid Eye Disease : Starting with the Basics

Orbital decompression	Yasuhiro Takahashi	1264
-----------------------------	--------------------	------

Let's share powerful Neuro-ophthalmology

The important brainstem and cerebellar disorders in Neuro-ophthalmology	Masato Hashimoto	1274
---	------------------	------

Atlas

The formation of loop vessel during the course of optic disc vasculitis	Daisuke Sugahara et al	1389
---	------------------------	------

Clinical Studies and Articles

Macular hole retinal detachment in three cases of myopic choroidal neovascularization	Yuta Nakamichi et al	1393
Patient satisfaction following treatment with sodium hyaluronate or diquafosol ophthalmic solution for dry eye with short tear film break-up time	Miki Uchino et al	1403
