Special Issue (Congress of Clinical Ophthalmology, October 2012)

Long-term changes in retinal blood flow following sheathotomy for branch retinal vein occlusion.....	Ryuya Hashimoto et al	1655
Visual acuity and findings by optical coherence tomography after vitreous surgery for diabetic macular edema	Takaaki Yagou et al	1661
Outcome of orbital decompression surgery for dysthyroid optic neuropathy	Keiko Otsuka et al	1667
Comparison of corneal astigmatism measured by autokeratometer and wavefront sensor	Yoshihiko Ninomiya et al	1673
Secondary implantation of piggyback intraocular lens for residual refractive error after cataract surgery	Fumitaka Kobayashi et al	1679
Long-term outcome of primary trabeculotomy with sinusotomy for primary open-angle glaucoma	Noriko Toyokawa et al	1685
Short-term effect of Trabectome and trabeculotomy with deep sclerotomy	Takanori Mizoguchi et al	1693
Outcome of vitreous surgery for lamellar macular hole without additional gas tamponade	Tetsuzo Otsubo et al	1699
Short-term outcome and complications of day surgery for epiretinal membrane in a university hospital	Takayoshi Sumioka et al	1705
Review of poor responders to intravitreal ranibizumab for age-related macular degeneration	Toushi Toibana et al	1709
Long-term course following cataract surgery in a case of scleroderma with uveitis	Satoru Joko	1713
Evaluation of phototherapeutic keratectomy for corneal dystrophy	Rumiko Inoue et al	1719
Outcome of conjunctival autograft and transplantation of amniotic membrane for primary single and double pterygium	Tsuyoshi Aoki et al	1725
Neuroleptic malignant syndrome after penetrating keratoplasty in a case of Parkinson disease	Mika Shinoda et al	1733
Review of ethambutol-induced optic neuropathy	Ikuko Kadoya et al	1737
Intravitreal injection of bevacizumab for choroidal neovascularization in a case of Vogt-Koyanagi-Harada disease	Hidetsugu Ishimoto et al	1743

Topic of the Month

The recent advance in image analysis of eyes with pathologic myopia**Kyoko Ohno-Matsui** et al 1611

Practical Use of OCT

Choroid in normal eyes and central serous chorioretinopathy**Ruka Maruko** 1622

Clinics in Thyroid Eye Disease : Starting with the Basics

Management of thyroid associated ophthalmopathy—strabismus surgery**Akiko Kimura** 1630

Let's share powerful Neuro-ophthalmology

Discovery of the fascination in neuro-ophthalmology**Masato Wakakura** et al 1638

Atlas

Superior segmental optic hypoplasia in mother and daughter**Kazuaki Nishino** et al 1648

Clinical Studies and Articles

Macular hole formation in six cases of retinal arterial macroaneurysm

with submacular hematoma**Rieko Ishihara** et al 1755

Treatment for cytomegalovirus infection in HIV-infected patients**Kumiko Suehiro** et al 1763

Bilateral optic neuropathy in a case of hypertrophic pachymeningitis**Yuki Hayashi** et al 1769
