Supecial Issue New style of vitreoretinal surgery

- 1788 Application of OCT angiography in vitrectomy cases..... Shunsuke Yasuda
- 1794 Evolution of the digital display system and its application to
ophthalmic microscopic surgeries..... Toru Noda
- 1812 Evolution of ocular endoscopic surgery..... Mihori Kita
- 1818 Utility of microscope-integrated intraoperative optical coherence tomography
for vitreous surgery..... Koichi Nishitsuka
- 1826 Heads-up surgery..... Takashi Kitaoka
- 1832 Robot assisted surgery in ophthalmology..... Fumiyuki Araki et al
- 1840 Improvement of the surgical adjuvants..... Hiroshi Enaida

Topic of the Month

- 1779 Future development of the low vision care in Japan..... Satoshi Kato

Japan Glaucoma Dojo

- 1849 Correspondence to prolonged corneal disorder after glaucoma surgery..... Yasutaka Goto et al

Fluorescein Clinical Conference

- 1856 Choroidal Tumors..... Takafumi Mori et al

Clinical Studies and Articles

- 1867 Foveal avascular zone in healthy eyes evaluated by enface optical
coherence tomography angiography..... Ippei Takasu et al
- 1873 Concurrent endophthalmitis and orbital cellulitis in a healthy adult..... Ryosuke Hiei et al
- 1881 Adherence to follow-up visits of diabetic patients as compared to
glaucoma patients..... Hiroshi Kobayashi et al
- 1889 Long-term course of objective excycloversion in a case of age-related
vertical strabismus (sagging eye syndrome) before and after onset of
diplopia..... Akihiko Oohira
- 1895 Extended Müller Tucking with suspension of frontal muscle for
blepharoptosis..... Nobuyuki Miyata

Clinical Note

- 1900 Immersion B-mode ultrasonography..... Jo Fukiyama
