

1. What's trendy in dermatology

Food-dependent exercise-induced anaphylaxis sensitized with hydrolyzed wheat protein in an old Cha-no-shizuku soap Yuko CHINUKI, et al	8
Hypersensitivity syndrome due to trichloroethylene exposure Natsuko FUKASAWA, et al	12
Large epidemic of hand-foot-mouth disease in 2011 Haruko HINO	16
Perioral dermatitis related to <i>Fusobacteria</i> Naoko ISHIGURO	24
Blaschkitis Atsushi UTANI	28
Woolly hair and LIPH Yutaka SHIMOMURA	32

2. Pathomechanisms of skin diseases

Anaphylactoid purpura following phlegmone : Retrospective analysis of anaphylactoid purpura associated with phlegmone Yukiko USHIGOME, et al	38
Eosinophilic pustular folliculitis : Recent advances in its pathomechanism Kyoko NAKAHIGASHI, et al	44
Hematological complications of epidermolysis bullosa Shin MORIZANE	50
Live imaging of skin immune responses with two-photon microscopy Gyohei EGAWA	54
Diseases with abnormal corneodesmosomes : Netherton syndrome and inflammatory peeling skin syndrome Akemi ISHIDA-YAMAMOTO, et al	59

3. Novel diagnostic tests and tools

Positive rates of Japanese standard allergens Kyoko SUZUKI, et al	64
Immunochromatography strip test of dermatophytosis Hiroshi TANABE	71
Dermoscopic features of non-pigmented skin lesions Masaru TANAKA	77
Quality of life of patients with skin diseases : Assessment methodology and actual state of research Yuko HIGAKI	82

4. Therapeutic gems for skin diseases

New strategy of nosocomial infection of MRSA and usage of new anti-MRSA drug Yoshinari TANABE	88
Medications for rosacea and rosacea-like dermatitis Wataru FUJIMOTO	92
Management of zoster associated pain Shigeki YAMAGUCHI, et al	98
The key points from the guidelines for the management of urticaria Shoji MIHARA, et al	104
An evidence for the period of preventive antihistamine therapy in chronic urticaria Makoto KAWASHIMA	110
Guidelines of treatment for severe drug eruptions Yoko KANO, et al	115
Treatment of solar keratosis with imiquimod cream Toshiaki SAIDA, et al	119
Drug therapy for mycosis fungoides Makoto SUGAYA	123
Technical points and applications of excimer light therapy Akimichi MORITA	128
Dermatological approach to critical limb ischemia (CLI) Hirohiko SUEKI, et al	135

5. Clinical topics for dermatologists

New patch test allergens Erika TONOOKA, et al	143
FDEIA and omega-5 gliadin-specific IgE test Eishin MORITA, et al	147
A proposal for classification of vasculitis in Chapel Hill Consensus Conference 2011 : Revised nomenclatures Keiji IWATSUKI	150
Inverse agonism of antihistamines Shinichi SATO	152
Current trend of sexually transmitted infections in Japan Koma MATSUO, et al	155
Diagnosis of HIV/AIDS through its related skin diseases Masuyoshi SAITO, et al	158
Does body hair status have any influences on effect of finasteride against androgenic alopecia? Toru INADOMI, et al	161
Clinical efficacy the long-pulsed Nd : YAG laser to treat onychomycosis Utako KIMURA, et al	165
3D imaging of the skin Kenji KABASHIMA	168
The iPad for dermatologists Kenichi ISODA	171
'Contribution of Japanese dermatology to the world' planned to be published at the 110th annual meeting of JDA Makoto KAWASHIMA	174
The Great East Japan Earthquake and dermatologists Setsuya AIBA	178
