

Original Contribution

Analysis of adverse events of intravenous corticosteroid pulse therapy for rapidly progressive alopecia areata

Yohei SATO, et al 1036

Case Report

A case of lupus erythematosus profundus with multiple ulcers on the back

Masao HAYASHI, et al 1041

A case of beef-induced delayed anaphylaxis initially suspected as oral allergic syndrome

Ryoko SASAKI, et al 1047

A case of anaphylactic reaction due to Matsutake mushroom ingestion aggravated by bathing

Rie TOHDA, et al 1052

A case of infections urticaria caused by *Chlamydomphila pneumoniae*

Saika TOSE, et al 1055

A case of verrucous porokeratosis on the buttock effectively treated with maxacalcitol ointment

Hiroko KITAGUCHI, et al 1061

A child case of neurofibromatosis type 2 with multiple cutaneous schwannomas as initial diagnostic sign

Misao RYUJIN, et al 1066

A case of fibrolipoma on the nucha

Tetsuro YOSHIGA, et al 1071

A case of triple primary malignancies with cutaneous squamous cell carcinoma, soft tissue sarcoma of the buttock and lung cancer

Kazuo SHIMIZU, et al 1077

A case of Kaposi's sarcoma following thymoma with myasthenia gravis

Akiteru AIYAMA, et al 1082

A case of methotrexate-associated lymphoproliferative disorders treated with rituximab monotherapy

Asuka AMANO, et al 1087

A case of mamushi bite with marked thrombocytopenia and high values of serum CK

Chiyo MORITA, et al 1093

A case of Japanese spotted fever successfully treated by intravenous minocycline and levofloxacin

Tetsuro YOSHIGA, et al 1099

A case of epidermodysplasia verruciformis in which dermoscopic features contributed to diagnosis

Yuko IZUMI, et al 1105
