

Topics Can You Explain the Neurological Conditions Properly?

2 1 3 A Review of Neurological Disorders Caused by Hormonal Abnormalities

Yuta Kizuka and Yoshikane Izawa

2 2 1 Hematologic Diseases and Neurological Complications

Naoki Omori and Atsushi Nagai

2 3 1 Neurological Complications Associated with Kidney Disease

Hisanao Akiyama

2 3 9 Pathophysiology of Respiratory Failure in Neuromuscular Diseases

Kimiko Inoue

2 4 9 Cardiovascular Diseases and Neurological Impact: Ischemic Stroke from Heart and Aortic Problems

Soya Iwamoto and Masatoshi Koga

2 6 1 Bladder Dysfunction and Neurology: How to Assess Neurogenic Bladder Dysfunction?

Ryuji Sakakibara, et al.

Review

2 7 3 Learning and Neural Activity: Beyond Localization

Yoshio Sakurai

Case Reports

2 8 3 Neuroleptic Intolerance and Residual Mutism in a Young Woman with Anti-N-Methyl-D-Aspartate Receptor (NMDAR) Encephalitis

Kazue Tajima and Toshio Fukutake

2 8 9 A Case of Bacterial Meningitis in Which Occurrence of Ataxic Optic Led to Detection of a Small Subdural Abscess and Pialitis

Hikaru Hemmi, et al.

2 9 5 Adult-onset COVID-19-associated Fulminant Acute Encephalopathy with Elevated Cerebrospinal Fluid Interleukin-8: A Case Report

Kazuhiro Higashida, et al.

3 1 6 Information for Authors
