

日本脳神経外科学会事務局ニュース

W.F.N.S.第5回国際脳神経外科学会
(The 5th International Congress of
Neurological Surgery) 事務局から
のお知らせ

本年10月7-12日東京にて開催予定の国際脳神経外科学会の準備はかなり難渋しながらも、予定どおり進んでおります。さる5月10日より18日まで、Dr. Pertuiset (Paris), Dr. Kurze (Los Angeles), Dr. Carrea (Buenos Aires) の諸教授の来日出席を得、また日本側の委員もこれに加わり、長い時間をかけてプログラムの選択決定の作業を行ないました。

本学会では開期5日間の午前中をすべて Symposium に当てたこと、また、Free Communication に海外より予想をはるかに上回る、多数の演題申し込みがあったことから、国内から申し込まれた演題の採択は最少限にとどめざるをえなくなりました。誠に申し訳ないこととは存じますが、国際学会の慣習上、主催国は何かにつけ遠慮しなければならず、やむをえずとった処置でございます。よろしく御了承下さい。

しかしおもに日本の会員の皆様を対象にして世界のトップクラスの脳外科医、関連科の学者による Morning Seminar を企画したり、また主要な会場(午前:くじやのの間、午後:ふじの間)では英語・日本語間同時通訳も準備いたしました。

また新しく Audio-visual System の技術も導入し、興味深い演題や Movie をホテルの部屋のテレビに再上映させることも企画しております。

皆様奮って御参加いただきますよう、重ねてお願い申し上げます。

昭和48年6月20日

第5回国際脳神経外科学会
 会長 佐野 圭司
 組織委員長 石井 昌三

The Fifth International Congress of
Neurological Surgery

October 7-12, 1973
 Imperial Hotel, Tokyo, Japan

President: Keiji Sano
 Secretary for Congress Affairs: Shozo Ishii

Tentative Program of the Fifth International
Congress of Neurological Surgery

General Information

The Conference registration fee (if paid after June 1, 1973) is for members and for associate members.

For information, write Fifth International Congress of Neurological Surgery, Juntendo University, 2-1-1 Hongo, Bunkyo-ku, Tokyo, Japan.

Registration

Sunday, October 7, 1973, 9:00-18:00, Second Floor Promenade

Monday, October 8, 1973, 8:00-17:00, Second Floor Promenade

Opening Reception

Sunday, October 7, 1973, 18:30-21:00

Ninth Floor, Tokyo Kaikan (near Imperial Hotel)

Opening Ceremonies

Monday, October 8, 1973, 9:00-10:00, Kujaku Room East and West

Banquet

Wednesday, October 10, 1973, 19:00-21:00, Kujaku Room

Monday, October 8

Symposium: Recent Advances in the Studies of Congenital Anomalies of the Central Nervous System

10:00-12:30 Kujaku Room East and West

Panel: Radiology and R. I.

13:30-15:00 Kujaku Room East

Free Communication:

Radiology (I) and Congenital Anomaly (I)

15:00-17:30 Kujaku Room East

C.S.F. and Op. Techniques

13:30-17:30 Kujaku Room West

Functional Neurosurgery (I) and Miscellaneous

13:30-17:30 Fuji Room

Tumor (I)

13:30-17:30 Sakura Room

Special Lecture Series

19:00-21:00, Kujaku Room

Tuesday, October 9

Symposium: Recent Advances in the Studies of Tumor of the Central Nervous System (I)

9:00-12:00 Kujaku Room East and West

Panel: Spinal Cord Injury

13:30-15:00 Kujaku Room East

Free Communication:

Tumor (II)

15:00-17:30 Kujaku Room East

Functional Neurosurgery (II)

13:30-17:30 Kujaku Room West

Hydrocephalus, Vasospasm, C.B.F.

13:30-17:30 Fuji Room

Cerebro-Vascular Lesions (I)

13:30-17:30 Sakura Room

Wednesday, October 10

Symposium: Recent Advances in the Surgery of Cerebral and Spinal Vascular Pathology

9:00-12:30 Kujaku Room East and West

Panel: Vasospasm

13:30-15:00 Kujaku Room East

Free Communication:

Cerebro-Vascular Lesions (II)

15:00-17:30 Kujaku Room East

Tumor (III)

13:30-17:30 Kujaku Room West

Trauma (I)

13:30-17:30 Fuji Room

Thursday, October 11

Symposium: Recent Advances in Functional Neurosurgery. Discussion in Commemoration of the Centenary of Oftrid Foerster

9:00-12:00 Kujaku Room East and West

Panel: Electrical Stimulation for Pain Relief

13:30-17:00 Kujaku Room East

Free Communication:

Functional Neurosurgery (III)

15:00-17:30 Kujaku Room East

Trauma (II)

13:30-17:30 Kujaku Room West

Cerebral Vascular Lesions (III)

13:30-17:30 Fuji Room

Friday, October 12

Symposium: Recent Advances in Neurotraumatology

9:00-12:00 Kujaku Room East and West

Panel: Prolonged Coma and Brain Death

13:30-14:00 Kujaku Room East

Free Communication:

Brain Edema and Trauma (III)

14:00-17:30 Kujaku Room East

Spinal Lesions and Radiology (II)

13:30-17:30 Kujaku Room West

Tumor (IV)

13:30-17:30 Fuji Room

Movies Session

October 10	13:30	Sakura Room
11	13:30-17:30	Sakura Room
12	13:30-17:30	Sakura Room

Scientific Exhibits

October 8-12 9:00-17:30 Hana Room

Morning Seminar**Tuesday, October 9**

7:15-8:45 Sakura Room (4th floor)

The Management of Ruptured Intracranial Aneurysms
F. J. Gillingham, Edinburgh, EnglandThe Surgical Treatment of Vertebral Basilar Aneurysms
C. G. Drake, London, Canada

7:15-8:45 Botan Room (2nd floor)

Increased Intracranial Pressure

(1) T. W. Langfitt, Philadelphia, U.S.A.

(2) N. Lundberg, Lund, Sweden

Wednesday, October 10

7:15-8:45 Sakura Room (4th floor)

Pain Relief and Central Stimulation

J. F. Adams, San Francisco, U.S.A.

Pain (Exact title is not yet available)

W. H. Sweet, Boston, U.S.A.

7:15-8:45 Botan Room (2nd floor)

Clinical Correlation between Neuro-Ophthalmology and
Neuro-Radiology

W. T. Hoyt and T. H. Newton, San Francisco, U.S.A.

Thursday, October 11

7:15-8:45 Sakura Room (4th floor)

Microneurosurgical Techniques

R. W. Rand, Los Angeles, U.S.A.

Microtechniques in Neurosurgery

M. G. Yasargil, Zürich, Switzerland

7:15-8:45 Botan Room (2nd floor)

Neurological Syndromes in Trauma of Spinal Cord:
Their Significance and Treatment

R. C. Schneider, Ann Arbor, U.S.A.

Spine and Spinal Cord Trauma and Associated Conditions
of Cervical Spine

W. B. Scoville, Hartford, U.S.A.

Friday, October 12

7:45-8:45 Sakura Room

Neuropathology of Brain Tumor

H. M. Zimmerman, New York, U.S.A.

(Title is not yet available.)

I. Klatzo, Bethesda, U.S.A.

7:15-8:45 Botan Room

Neuroanatomical Basis for Functional Neurosurgery

(1) M. R. Hassler, Frankfurt, West Germany

(2) J. M. Van Buren, Bethesda, U.S.A.
