

Special Report

- How does the first publication of a monograph entitled “Practice Guidelines for Endoscopic Surgeries” influence on general clinical practice? : based on the results of nation-wide questionnaire surveyNobuhiko TANIGAWA ● 727

Original Article

- Clinical outcomes of thoracoscopic salvage esophagectomy after definitive chemoradiotherapy for esophageal cancerMasashi TAKEMURA ● 739
- Evaluation of our clinical pathway for laparoscopy-assisted colorectal surgeryAtsushi NISHIMURA, et al ● 745

Case Report

- Left posterior superior mediastinal alien substance (flatfish bone) and abscess treated by thoracoscopic surgery : a case reportMotoki SUGANO, et al ● 751
- Laparoscopic-assisted ileocecal resection of cecal endometriosis with invagination of the intestine : a case reportAki KUWADA, et al ● 755
- Outcomes of laparoscopic treatment for retroperitoneal tumors in 6 casesTakaaki SUGIMOTO, et al ● 761
- Retroperitoneal teratoma treated by laparoscopy-assisted resection : a case reportKazuhiro SUZUMURA, et al ● 767
- A case of internal supravescical hernia successfully diagnosed and treated by laparoscopyTaku MATSUMOTO, et al ● 773
- A 7 mm carcinoid tumor of the ileum with lymph node metastasis resected by laparoscopy : a case reportShigenori HOMMA, et al ● 779
- A symptomatic small intestinal perforation caused by a fishbone accidentally found during laparoscopic colectomy : a case report ...Shintaro NAKAJIMA, et al ● 785
- A case of anastomotic recurrence after laparoscopy assisted colectomy for colonic cancer with functional end to end anastomosis.....Kentaro TASAKI, et al ● 791
- A case of laparoscopic gastrectomy and lymph node dissection in a early gastric cancer patient with Adachi type VI group 28 vascular anomalyYukihiro OKUDA, et al ● 797
- Laparoscopic partial hepatectomy for the liver lesion which disappeared on imaging after postoperative chemotherapy of colon cancer, using intraoperative contrast enhanced ultrasonography : a case report ...Kojiro NAKAMURA, et al ● 801
- Laparoscopic operation for gastrointestinal stromal tumor of the omentum : a case studyHiroataka MIYAI, et al ● 809

Devices for Surgical Procedure

- Technical tips for laparoscopy-assisted distal gastrectomy after a laparotomy for intestinal obstruction and abdominal incisional herniaShinichi KADOYA, et al ● 815
- New development of device and clinical application for displacement of the organs in laparoscopic surgeryShinobu TSUCHIDA, et al ● 821
