

## Original Article

- Technique and operative results of single incision percutaneous endoscopic  
intra-gastric surgery for submucosal tumor at esophagogastric junction .....Aya KAMEI, et al ● 233

## Case Report

- Type-A long-gap esophageal atresia treated by thoracoscopic  
elongation and subsequent radical surgery : a case report .....Kenichiro KONISHI, et al ● 241
- A case of lymphangioma of the small intestine with severe anemia  
resected by laparoscopic surgery .....Yasuhiro TAKEDA, et al ● 247
- Successful management of gastric stenosis after sleeve gastrectomy  
using HANAROSTENT® .....Junichi SUZUKI, et al ● 255
- A case of de Garengeot hernia with abscess treated by TAPP  
procedure after laparoscopic appendectomy .....Keisuke NONOYAMA, et al ● 261
- Laparoscopic resection for PDGFRA-mutant gastrointestinal stromal  
tumor in the greater omentum presenting with intraabdominal  
hemorrhage : a case report .....Daisuke NISHIZAKI, et al ● 269
- The usefulness of single incision laparoscopic surgery with umbilical  
zig-zag incision in emergency pediatric abdominal cases .....Takahiro NISHIDA, et al ● 277
- Case report : Laparoscopic repair for a diaphragmatic hernia after  
transcatheter arterial chemoembolization and percutaneous  
radiofrequency ablation for hepatocellular carcinoma .....Yasuki AKIYAMA, et al ● 285
- A case of diaphragmatic hernia in a patient with a past history  
of four abdominal operations for which an operation for  
repair of the diaphragmatic hernia was performed with  
Hybrid VATS .....Senichiro YANAGAWA, et al ● 293
- A case of laparoscopic appendectomy for torsion of the vermiform  
appendix .....Takamaru KODA, et al ● 299
- Single-incision laparoscopic cholecystectomy for a patient who had  
received peritoneal dialysis for 7 years .....Noriaki KOIZUMI, et al ● 305
- A case of diffuse lumbar hernia repaired by laparoscopic  
intraperitoneal procedure .....Ryosuke YOSHIDA, et al ● 311

## Operative Technique

- Technique for transabdominal preperitoneal (TAPP) repair of inguinal  
hernia : management of hernia sac to avoid seroma formation .....Yuko SHIKATA, et al ● 317
