CONTENTS

Special Issue

Image-Enhanced Endoscopy Continues to Evolve

Introductory remarks

IEE: What are we looking at?	<i>Nobuhiro Sakaki</i>	278
Principles, mechanism, and clinical applications of IEE: narrow band imaging (NBI), texture and color enhancement imaging (TXI) and red dichromatic imaging (RDI)	<i>Mitsuru Kaise et al.</i>	280
Blue laser/light imaging (BLI) and linked color imaging (LCI)	<i>Hiroyuki Osawa et al.</i>	290

Esophagogastroduodenoscopy

Practical use of IEE in the diagnosis of pharyngeal and esophageal superficial cancer with transnasal endoscopy	<i>Kenro Kawada et al.</i>	299
Practical use of magnifying and non-magnifying IEE in the diagnosis of pharyngeal and esophageal superficial cancer with peroral endoscopy	<i>Miwako Arima et al.</i>	306
Detection, characterization and delineation of superficial adenocarcinoma arising from Barrett epithelium: TXI, acetic acid and NBI, magnifying NBI	<i>Dai Hirasawa et al.</i>	314
Usefulness RDI for the diagnosis and treatment of esophageal and gastric varices	<i>Takuto Hikichi et al.</i>	322
Practical use of non-magnifying IEE for gastric cancer screening: NBI and TXI	<i>Takashi Kawai et al.</i>	327
Practical use of non-magnifying IEE for gastric cancer screening: BLI and LCI	<i>Osamu Dohi et al.</i>	335
《Note》 Application of IEE for Kyoto Classification of Gastritis	<i>Shoko Ono et al.</i>	341
Qualitative and quantitative diagnosis of early gastric cancer using IEE	<i>Hiroya Ueyama et al.</i>	345
《Note》 Practical use of TXI mode during endocytoscopic diagnosis of early gastric cancer	<i>Hiroto Noda et al.</i>	352
Diagnosis of superficial non-ampullary duodenal epithelial tumor using IEE	<i>Kentaro Iwata et al.</i>	357
Is RDI useful in upper GI ESD?	<i>Ai Fujimoto et al.</i>	364

Enteroscopy

The best use of IEE for the balloon assisted enteroscopy	<i>Kazuo Ohtsuka et al.</i>	369
--	-----------------------------	-----

Colonoscopy

Detection and characterization of colorectal tumors using NBI and TXI	<i>Ryo Shimizu et al.</i>	373
Detection and characterization of colorectal tumors using BLI and LCI	<i>Naohisa Yoshida et al.</i>	378
Prediction of depth of early colorectal cancer using magnifying IEE	<i>Naoya Toyoshima et al.</i>	385
Practical use of RDI during colorectal ESD	<i>Hidenori Tanaka et al.</i>	391
《Note》 Possible role of IEE in patients with inflammatory bowel disease	<i>Kaoru Takabayashi et al.</i>	396

Series Let's Try Clinical Research!

Our experience of a randomized controlled trial	<i>Sho Suzuki et al.</i>	401
