Special Issue

Benign Gastric Disorders: Moving Forward

Introductory remarks

Benign gastric disorders

—moving forward: endoscopic diagnosis in accordance with the current trend *Nobuhiro Sakaki* 958

Changing trends in gastric disorders

Mitsuru Kaise et al. 960

Gastric acid secretion in the post-*Helicobacter pylori* era

Katsunori Iijima 970

Pathological characteristics of gastric lesions in the post-*Helicobacter pylori* era

Hiroshi Kawachi 978

Functional dyspepsia

Yuto Shimamura et al. 992

Gastroparesis and gastric achalasia: pathophysiology and treatment by G-POEM

Haruhiro Inoue et al. 998

How should we deal with gastric polyps?

Takashi Kawai et al. 1003

Idiopathic refractory gastric antral ulcers

Yasuhiko Maruyama et al. 1010

【Note】 Cameron lesions

Tadashi Sato et al. 1015

Autoimmune gastritis (with/without neoplasia)

Tomoari Kamada et al. 1018

【Note】 Parietal cell dysfunction

Sho Shiroma et al. 1026

Endoscopic findings of eosinophilic gastritis

Yasuhiro Fujiwara 1031

Immunoglobulin G 4 (IgG 4)-related disease of the stomach

Akira Nakamura et al. 1037

Gastritis related to acute graft versus host disease (GVHD)

Kosuke Nomura et al. 1045

【Note】 Gastric lesions associated with inflammatory bowel disease

Minoru Matsuura et al. 1051

Helicobacter pylori-negative gastritis

Masahiko Nakamura et al. 1055

Gastric syphilis

Chika Kusano et al. 1061

Gastropathies associated with acid secretion inhibitors (PPI/PCAB)

Tomoyuki Koike et al. 1065

【Note】 White globe appearance (WGA)

Masaya Iwamuro et al. 1072

Gastric injury associated with use of NSAIDs or low-dose aspirin

Kazuhiro Mizukami et al. 1075

Gastritis related to immune checkpoint inhibitor-related adverse events (irAE)

Eiichiro So et al. 1080

【Note】 Lanthanum deposition in the stomach

Yugo Suzuki et al. 1084

Special Contribution

Editorial: endoscopic clipping for bleeding gastric varices

Katsutoshi Obara 1089

Series Let's Try Clinical Research!

Introduction to a new surgical technology with a high degree of difficulty:

our experience during the introduction of laparoscopic hepatectomy

Ryota Matsuki et al. 1093

TOKYO IGAKUSHA Ltd. 40-5 Kanda Jimbocho 2-chome, Chiyoda-ku, Tokyo 101-0051 Japan
