

ENDOSCOPIA DIGESTIVA

Volume 36, Number 2, February 2024

CONTENTS

Special Issue

Value the Basics

Endoscopic Diagnosis in the Stomach

Introductory remarks

Developing new ideas based on study of the past *Nobuhiro Sakaki* 160

Differential diagnosis of upper gastrointestinal diseases,

based on patient's history, symptoms, and signs *Hiroyasu Nakano* 162

How to detect lesions of the gastric mucosa in a new era

Takashi Kawai et al. 171

【Note】Preparing for esophagogastroduodenoscopy: key points for endoscopists

Hisatomo Ikehara et al. 181

Pathology of the stomach that endoscopists should understand

Hiroshi Kawachi 184

Diagnosing *H. pylori* infection utilizing the Kyoto Classification of Gastritis

Kazuhiko Inoue 197

【Note】Non-*Helicobacter pylori* *Helicobacter* gastritis:

examining the prepyloric region

Katsuhiko Mabe et al. 209

【Topics】Gastropathies related to long-term intake of anti-secretory agents

such as PPI and P-CAB

Akiko Ohno et al. 212

Gastritis with rare causes

Takatsugu Yamamoto et al. 218

【Note】Gastric lesions associated with inflammatory bowel disease (IBD)

Haruei Ogino et al. 222

The role of non-*Helicobacter* microorganism in infectious gastritis

Shinjiro Egashira et al. 225

【Topics】Cases where the symptoms exacerbate in spite of the administration of

anti-secretory agents

Masao Okubo et al. 230

Gastric ulcer still prevails

Fumiaki Ishibashi et al. 234

【Note】Risk stratification for bleeding complications in patients

with peptic gastric ulcer

Koichiro Kawaguchi et al. 239

Overview of gastric polyps

Hiroyuki Imaeda et al. 242

【Note】Gastric neoplastic lesions associated with gastrointestinal polyposis syndrome:

focus on *APC*-associated polyposis conditions [familial adenomatous polyposis (FAP) and

gastric adenocarcinoma and proximal polyposis of the stomach (GAPPS)]

Yusaku Shimamoto et al. 250

H. pylori-associated gastric cancer:

going over the basics for the diagnosis of gastric cancer

Toshiaki Hirasawa et al. 256

【Note】 Hereditary gastric cancer and its significance in Japan	<i>Mitsuhiro Nikaido et al.</i>	265
【Note】 Gastric neuroendocrine neoplasms	<i>Yasuhiko Maruyama</i>	268
<i>H. pylori</i> -uninfected gastric cancer: next-generation diagnosis of gastric cancer	<i>Hiroya Ueyama et al.</i>	271
【Note】 Will the incidence of esophagogastric junction cancer increase in the future?	<i>Tomoyuki Koike et al.</i>	282
When and how do you suspect malignant lymphoma of the stomach?	<i>Takashi Yoshida et al.</i>	288
【Topics】 Limitations and breakthrough in endoscopic diagnosis of gastric MALT lymphoma with <i>MALT1</i> gene translocation	<i>Taku Yamagata et al.</i>	292
How should we assess submucosal tumors of the stomach?	<i>Shigetaka Yoshinaga et al.</i>	297
【Series】 Efficient Use of Big Data and Information and Communications Technology (ICT) in Endoscopy		
Voice dictation system for endoscopic findings during procedure	<i>Mai Makiguchi et al.</i>	305
