CONTENTS

Special Issue

Assessing Colorectal Inflammation with Endoscopy

Introductory remarks	<i>Hironori Yamamoto</i>	1490
Algorithms for the diagnosis of coloproctitis	<i>Fumihito Hirai et al.</i>	1491
Endoscopic determination of the severity of IBD and roles of biomarkers	<i>Yuki Aoyama et al.</i>	1499
Pathological diagnosis of coloproctitis in biopsy specimens	<i>Yui Akemoto</i>	1505
I. Endoscopic management of ulcerative colitis		
Endoscopic characteristics and differential diagnosis	<i>Aki Sakatani et al.</i>	1512
Endoscopic assessment of therapeutic effect and prediction of relapse	<i>Kaoru Yokoyama et al.</i>	1515
【Topics】 Diagnosis using colon capsule endoscopy	<i>Naoki Hosoe</i>	1520
【Topics】 Artificial intelligence for assessing endoscopic images	<i>Kazuo Ohtsuka et al.</i>	1523
II. Endoscopic management of Crohn's disease		
Endoscopic characteristics and differential diagnosis	<i>Mitsuo Nagasaka</i>	1526
Endoscopic assessment of therapeutic effect and prediction of relapse	<i>Yasuhisa Sakata et al.</i>	1532
Endoscopic balloon dilation for intestinal strictures	<i>Tomonori Yano</i>	1536
【Topics】 Endoscopic dilation using radial incision and cutting (RIC) method	<i>Rintaro Moroi et al.</i>	1539
III. Endoscopic management of colorectal inflammation other than IBD		
Ischemic colitis	<i>Masayuki Saruta</i>	1541
Drug-induced colitis	<i>Hidezumi Kikuchi et al.</i>	1545
Infectious coloproctitis	<i>Hiroshi Kashida et al.</i>	1549
Intestinal tuberculosis	<i>Makoto Eizuka et al.</i>	1556
Intestinal Behçet's disease and simple ulcers	<i>Junji Umeno et al.</i>	1561
Radiation proctitis	<i>Shigeki Bamba et al.</i>	1566
IV. Endoscopic management of colorectal neoplasm associated with IBD		
Endoscopic diagnosis of UC-associated neoplasm	<i>Yasushi Iwao et al.</i>	1571
Endoscopic diagnosis of colon and anorectal cancer associated with Crohn's disease	<i>Hirosuke Kuroki et al.</i>	1579
Pathological diagnosis of IBD-associated colorectal neoplasm	<i>Masayuki Shimoda et al.</i>	1583
Endoscopic resection of colorectal lesions in patients with UC	<i>Yasuharu Maeda et al.</i>	1589
Series Efficient Use of Big Data and Information and Communications Technology (ICT) in Endoscopy		
Experience with clinical research using JED:		
studies on colonoscopy quality indicators	<i>Takuji Kawamura et al.</i>	1594
