

ENDOSCOPIA DIGESTIVA

Volume 37, Number 3, March 2025

CONTENTS

Special Issue

Colonoscopic intubation and inspection from A to Z

Introductory remarks

- A journey of a thousand miles begins with a single step *Hiroshi Kashida* 279

Essential knowledge of colonoscopic intubation

Hisatomo Ikehara et al. 280

Essential knowledge of inspection techniques in colonoscopy

Toshio Kuwai et al. 285

Training program in colonoscopy

Hiroyuki Imaeda et al. 295

【Topics】 Basic training for colonoscopic intubation utilizing a simulator

Hideka Horiuchi et al. 303

I. Basic Standpoints for Colonoscopic Intubation

Standpoint that sticks to straightening and shortening technique

Takahiro Fujii 306

Standpoint that tolerates loop formation

Yasumoto Suzuki 311

How to go through flexures

Naoya Toyoshima et al. 316

【Note】 Abdominal compression and postural change

Yoji Takeuchi et al. 320

Labor-saving intubation technique

Mika Yuki et al. 325

II. How to Deal with Difficult Cases

Those with lean or obese figure

Mai Fukuda et al. 330

Those with multiple diverticula or intestinal adhesions

Tatsunori Minamide et al. 333

Those with redundant colon

Akiko Chino 336

【One Point Advice】 What should be done when you are close to the cecum but cannot reach it?

Yasushi Oda et al. 340

【Note】 Overcoming difficulties with the colon based on the morphologic characteristics seen in CT colonography (CTC)

Takeshi Mizukami et al. 342

【Note】 Utilization of colon capsule endoscopy

Naoki Hosoe 346

III. Advanced Techniques for Colonoscopic Intubation

A practical guide to intubation with ultra-thin colonoscope

Daiki Nemoto et al. 349

Balloon-assisted endoscopy (BAE)

Kinichi Hotta et al. 354

Endoscope position detecting unit (UPD)

Takashi Kawai et al. 359

Water immersion colonoscopy

Satoshi Asai et al. 367

【Topics】 Artificial intelligence-assisted colonoscope insertion

Kensuke Shinmura et al. 372

IV. Methods of Inspecting Without Overlooking

Overlooking a polyp: causes and countermeasures

Takuji Kawamura et al. 375

Utilization of transparent hood and retroflexion

Yusuke Nishikawa et al. 379

Utilization of image-enhanced endoscopy

Naoki Sugimura et al. 383

Utilization of artificial intelligence

Masashi Misawa et al. 388
