

ENDOSCOPIA DIGESTIVA

Volume 38, Number 1, January 2026

CONTENTS

New Year's Reflections	<i>Hiroyuki Imaeda</i>	6
------------------------	------------------------	---

Special Issue

Biliary and Pancreatic Lithotripsy, Updated

Introductory remarks: If you know the enemy and know yourself, you need not fear the result of a hundred battles	<i>Naotaka Fujita</i>	11
---	-----------------------	----

Biliary stones: Therapeutic strategy based on the guidelines	<i>Akio Katanuma</i>	12
--	----------------------	----

Pancreatic stones: Therapeutic strategy based on the guidelines	<i>Kensuke Takuma et al.</i>	19
---	------------------------------	----

I. Common Bile Duct Stones (Cholelithiasis)

Device selection for endoscopic sphincterotomy and/or papillary balloon dilatation for common bile duct stones	<i>Ryunosuke Hakuta et al.</i>	25
---	--------------------------------	----

Device selection and technical tips for extraction of common bile duct stones	<i>Hideyuki Shiomi et al.</i>	29
---	-------------------------------	----

Endoscopic management for large and stacked common bile duct stones	<i>Ryosuke Tonoizuka et al.</i>	36
---	---------------------------------	----

Endoscopic treatment for Mirizzi syndrome and impacted biliary stones	<i>Harutoshi Sugiyama et al.</i>	42
---	----------------------------------	----

Balloon endoscopy—assisted treatment for bile duct stones in patients with surgically altered anatomy	<i>Hirofumi Kogure et al.</i>	47
--	-------------------------------	----

EUS-guided antegrade treatments for bile duct stones in patients with surgically altered anatomy	<i>Takuji Iwashita et al.</i>	53
---	-------------------------------	----

Endoscopic treatment for common bile duct stones in very elderly and/or high-risk patients	<i>Morito Ikeda et al.</i>	57
---	----------------------------	----

II. Intrahepatic Bile Duct Stones

Endoscopic transpapillary treatment for intrahepatic bile duct stones	<i>Kazuyuki Matsumoto et al.</i>	61
---	----------------------------------	----

Endoscopic percutaneous transhepatic treatment for intrahepatic bile duct stones	<i>Tetsuhiro Atono et al.</i>	67
--	-------------------------------	----

III. Gallbladder Stones

Endoscopic ultrasonography-guided treatment for gallbladder stones	<i>Masahiro Itonaga et al.</i>	73
--	--------------------------------	----

Laparoscopic cholecystectomy for gallbladder stones	<i>Manabu Watanabe et al.</i>	77
---	-------------------------------	----

IV. Pancreatic Duct Stones (Pancreatolithiasis)

Transpapillary lithotripsy for pancreatic duct stones	<i>Tsukasa Ikeura et al.</i>	81
---	------------------------------	----

Balloon-endoscope-guided treatment for pancreatic duct stones after surgical pancreaticojejunostomy	<i>Masaaki Shimatani et al.</i>	85
--	---------------------------------	----

Endoscopic ultrasonography-guided treatment for pancreatic duct stones after surgical pancreaticojejunostomy	<i>Takeshi Ogura et al.</i>	92
---	-----------------------------	----

Surgical treatment for pancreatolithiasis	<i>Masaya Nakano et al.</i>	97
---	-----------------------------	----
