

ENDOSCOPIA DIGESTIVA

Volume 38, Number 7, July 2026

CONTENTS

Special Issue Autoimmune Gastritis 2026

Introductory remarks: Autoimmune gastritis	<i>Taiji Akamatsu</i>	788
Conception and diagnostic criteria for autoimmune gastritis	<i>Shu Hoteya</i>	790
《Note》 Essential knowledge of autoantibody for the diagnosis of autoimmune gastritis	<i>Masanori Ito</i>	796
《Note》 Pathogenesis and etiology of autoimmune gastritis	<i>Maiko Kishino</i>	799
Pathology of autoimmune gastritis	<i>Hiroshi Kawachi</i>	802
Natural history of autoimmune gastritis: Long-term changes in endoscopic findings	<i>Koichi Izumikawa et al.</i>	819
I. Endoscopic Findings and Management of Autoimmune Gastritis		
Endoscopy for autoimmune gastritis: Characteristic findings and staging	<i>Yasuhiko Maruyama et al.</i>	828
《Note》 What is the difference between sticky adherent dense mucus which is characteristic endoscopic findings of AIG and web-like mucus?	<i>Hiroaki Kaneko et al.</i>	832
What are the distinguishing points between <i>Helicobacter pylori</i> -associated gastritis and autoimmune gastritis?	<i>Tomoari Kamada et al.</i>	836
《Note》 Endoscopic diagnosis of autoimmune gastritis in the presence of <i>Helicobacter pylori</i> gastritis	<i>Tohru Kotera et al.</i>	841
《Note》 Is the atrophic progression of autoimmune gastritis accelerated by <i>Helicobacter pylori</i> eradication therapy?	<i>Takashi Ihara et al.</i>	844
Management of autoimmune gastritis in endoscopic screening for gastric cancer	<i>Rika Aoki et al.</i>	847
《Note》 Can upper gastrointestinal series detect autoimmune gastritis?	<i>Shigemi Nakajima</i>	852
《Column》 Is it possible to treat autoimmune gastritis?	<i>Ken Haruma</i>	856
II. Complications Associated with Autoimmune Gastritis		
Pernicious anemia in autoimmune gastritis	<i>Chihiro Sumida et al.</i>	858
Hyperplastic polyps in autoimmune gastritis	<i>Masahide Fukuda et al.</i>	863
Early gastric cancer arising in autoimmune gastritis	<i>Ayaka Takasu et al.</i>	869
《Note》 Gastric adenocarcinoma of fundic gland type arising in autoimmune gastritis	<i>Taro Iwatsubo et al.</i>	875
Neuroendocrine neoplasm arising in autoimmune gastritis	<i>Yusuke Hanawa et al.</i>	879
《Topics》 Gastric dysbiosis and oral bacteria in autoimmune gastritis	<i>Eri Iwata et al.</i>	884
《Topics》 Polypoid nodule scar (PNS) formation after ESD in autoimmune gastritis	<i>Kenji Yamazaki et al.</i>	888
