

ENDOSCOPIA DIGESTIVA

Volume 35, Number 2, February 2023

CONTENTS

Special Issue

Troubleshooting in Upper Gastrointestinal Endoscopy

Introductory remarks	<i>Katsutoshi Obara</i>	144
Troubleshooting in upper GI endoscopy related to sedation	<i>Hisatomo Ikehara et al.</i>	146
Troubleshooting in upper GI endoscopy related to antithrombotic therapy	<i>Shun Osumi et al.</i>	153
Complications and troubleshooting associated with upper GI endoscopy	<i>Satoshi Tanabe et al.</i>	159
《Note》Troubleshooting in upper GI endoscopy in the elderly	<i>Waku Hatta et al.</i>	164
Hypopharyngeal injury by endoscopic intubation	<i>Akihito Kazuno et al.</i>	166
Epistaxis due to trans-nasal endoscopy	<i>Takashi Kawai et al.</i>	168
Gag reflex	<i>Fumiaki Ishibashi et al.</i>	170
Bleeding after biopsy	<i>Kazutoshi Higuchi et al.</i>	173
Bleeding during esophageal ESD	<i>Miwako Arima et al.</i>	176
Perforation during esophageal ESD	<i>Takashi Kanesaka et al.</i>	178
Stricture after esophageal ESD	<i>Dai Hirasawa et al.</i>	180
Perforation associated with esophageal stent placement	<i>Yamato Ninomiya et al.</i>	184
Stent selection for malignant esophageal stricture and troubleshooting against misplacement	<i>Akira Maekawa et al.</i>	186
Dislocation of esophageal stent	<i>Aiji Hattori et al.</i>	188
Bleeding due to failed EVL	<i>Kana Yamamoto et al.</i>	190
Troubleshooting in endoscopic treatment for gastric varices	<i>Takuto Hikichi et al.</i>	193
Rebleeding after treatments for esophageal varices	<i>Hisashi Hidaka et al.</i>	196
Esophageal stricture caused by EIS	<i>Kazunori Nagashima et al.</i>	199
Rebleeding after treatments for duodenal varices	<i>Shigenaga Matsui et al.</i>	202
Troubleshooting when hemostatic procedures exacerbated non-variceal upper GI bleeding	<i>Naoya Okada et al.</i>	204
Perforation after hemostatic procedures for non-variceal upper GI bleeding	<i>Hiroyuki Sakae et al.</i>	206
《Note》Surgical intervention for refractory non-variceal upper GI bleeding and perforation	<i>Hirofumi Kawakubo et al.</i>	209

Foreign body caught in the narrow segment of the upper GI	<i>Taiji Akamatsu et al.</i>	212
Foreign body caught and hidden in food residue in the stomach	<i>Kyohei Maruyama</i>	214
How to overcome unexpected difficulties in gastric ESD	<i>Hisatomo Ikehara et al.</i>	216
How to manage when the bleeding point cannot be visualized due to massive bleeding	<i>Yoshimasa Miura et al.</i>	219
Intraoperative perforation during gastric ESD	<i>Takeshi Uozumi et al.</i>	222
How to manage when the bleeding point cannot be visualized due to clot adhesion to the post-ESD ulcer in the stomach	<i>Yoshinori Sato et al.</i>	225
Delayed perforation after gastric ESD	<i>Hiroshi Ashizawa et al.</i>	227
《Note》Surgical intervention for perforation during/after gastric ESD	<i>Atsuko Ohki et al.</i>	230
Bleeding during/after percutaneous endoscopic gastrostomy (PEG)	<i>Junji Takahashi et al.</i>	233
Accidental removal of PEG tube in the early postoperative period	<i>Toshirou Kura</i>	236
Injury of other organs during PEG	<i>Shinji Nishiwaki et al.</i>	238
Migration of a gastric/duodenal stent	<i>Yousuke Nakai et al.</i>	240
Perforation after gastric/duodenal stent placement	<i>Sho Takahashi et al.</i>	242
Bleeding during duodenal ESD	<i>Sakiko Naito et al.</i>	244
Perforation during duodenal EMR/ESD	<i>Yosuke Okamoto et al.</i>	247
How to manage when the post-operative wound cannot be sutured in duodenal ESD	<i>Kurato Miyazaki et al.</i>	250
Post-procedure bleeding after endoscopic resection in the duodenum	<i>Tomoaki Tashima et al.</i>	252
Delayed perforation after duodenal EMR/ESD	<i>Yohei Minato et al.</i>	256
《Note》Surgical intervention for perforation during/after duodenal endoscopic resection	<i>Nobutsugu Abe et al.</i>	260
Series Let's Try Clinical Research!		
How to conduct a randomized controlled trial (RCT)	<i>Keita Mori</i>	265
